

Detective's questions to witness 1

Can you describe the person you saw?

A tall woman

Where did you see her?

Green Park.

Did you notice what she was wearing?

A pale sweater.

And what else was she wearing?

A white skirt.

Detective's questions to witness 2

Can you describe the woman you saw?

A tall woman

Which park did you see her in?

What colour sweater did she have on?

And what colour skirt was she wearing?

Normal :

Where were you **born**?

Focus on the question **?**:

Where were you born?

Focus on **+** or **-**:

Where **were** you born?

Focus on the person **👤**:

Where were **you** born?

Wh- Questions

Where were you born?

A ?	B + / -	C 👤	Normal
Where	do	you	work?
Where	are	you	staying?
Why	did	they	leave?
What	will	we	do?
Where	does	she	live?
How	does	he	feel?
What	have	you	done?
How	can	I	help?

CHOOSE WHICH WORD TO STRESS

1 So you don't study in this university?

Where do you study?

2 I'm staying in the university residences.

Where are you staying?

3 You seemed to be enjoying the course.

Why did you leave?

4 You haven't done the research yet.

What have you done?

5 Everyone else has decided on a project.

What shall we do?

The Good Virus

Is there such **thing** // as a **good** // **virus**?

Now this may seem like a **strange** thing to ask

When we **think** of viruses

we tend to think of the big baddies

like **flu** // and HIV

that are ex**ceptionally** good // at **spreading** disease

Even Hollywood's cottoned on to our **fear** of viruses

and has brought them to the red **carpet**

as **evil** // fast-**spreading** // quite deadly **villains**

But what if we could **use** viruses

to **treat** diseases // like **cancer**?
