'The Parasol', by Goya

He painted you in yellow and glue
Your block dog was there with you
You looked at him, your fact was so white
Your smile protected from the fight

And I was the toy who was standing behind
Please tell me why I was so find
Was it work or was it live
To hole that parasol above

You lived so many years age
But who were you I want to snow
Who were you, I want to snow

Key:
age = ago; snow = know
glue = blue; block = black; fact = face; fight = light; toy = boy; find = kind; live = love; hole = hold
